

The Blanche Kahn Family Health Center has a long history of commitment and care for its community. BKFHC provides financial assistance to patients who cannot pay for their medical care. If you have concerns about your health coverage or do not have health insurance we can help.

We also offer a sliding scale discounted fee for those patients who do not qualify for government programs or other insurances and that meet income limits for medically necessary services. You may apply for a discount regardless of your immigration status.

For additional information or to apply for financial assistance please contact:

718-535-1961 – Sliding Fee Scale

Disclosure Requirement

BKFHC reserves the right to extend or deny financial assistance to any patient who has knowingly misrepresented his/her financial situation or any other information necessary to determine eligibility for this program. Patients can also be denied for administrative or legal reasons. The Blanche Kahn Family Health Center will not deny or extend financial assistance on the basis of race, color, creed, age, sex, religion, or national origin.
