The next step in this process is setting up an intake meeting. An intake meeting is a face to face encounter of the treatment coordinator with a potential admittee, his/her collateral and/or referral source. During the Intake Appointment information will be taken regarding the individual's history, current functioning status and treatment needs; therefore it is essential that the individual be accompanied by his/her primary caregiver or someone who is very familiar with the individual. Consents and other forms requiring an authorized signature will be presented at the Intake Appointment, if not already submitted. No service can be provided until these forms are signed, so it is important that the person with the individual be eligible to sign such consents or take responsibility for accessing appropriate signature.

As part of the intake, the individual will have to meet the medical director so that he can approve him/her for service in the Article 16 clinic.

Intake appointments are available between 9 am – 5 pm Monday-Thursday and 9 am -1 pm on Fridays. Please call at your earliest convenience to schedule an intake meeting, once you have completed the referral. Again, if you have any questions you can call us anytime at 718-535-1978.
